Mukalla – Yemen

Narrated By:

Mr. Mohammad Hashim Al-Mehdhar
Deputy Director General

The Success story of Al-Mehdhar Companies Group that we are proud to be achieved in partnership with Onyx Pro Software can be summed up in achieving the expansion of the group's activities and work fields via paradigm shift to new horizons as well as effectively made us heading towards the modernization of our strategic and operational plans in our different expansions, after the achievement of administrative control in addition to ensuring the flow of organized information accurately for the group management.

Our first launch in Al-Mehdhar Company Management for Exchange was with Onyx Pro Software in 2004, that provides us with accuracy in accounting transactions implementation, speed of communication, control of cost centers transactions with branches, detailed reports, as well as important information in sales, warehouses, purchases, cash in hand, and checks which support the administrative decision in organization and planning.

The accurate distribution of users privileges was real control of staff tasks in administrative system and so the success of Al-Mehdhar Companies Group in Mukalla was reflected. Thus, Al-Mehdhar Companies Group decided to use Onyx Pro Software in the rest of the group's branches and companies in Yemen and abroad to achieve better participation in national economy development and community service.
